The BLUETTI EB3A is one of the best budget-friendly stations on the market. It delivers safe 600W power through 2 AC outlets with its 268Wh capacity. The station has nine outlets in total, helping you power essentials during a power outage. It supports solar power and six ways of recharging.

Install solar panels outdoors and add equipment such as MPPT solar controllers in the computer room. The power generated by solar energy is used by the DC load of the base station computer room. The insufficient power is replenished by the AC power after rectification through the switching power supply.

[Harness the Power of Sun] - This solar generator kit includes 1 × AC70 and 1 × 100W solar panel, enabling you to replenish this 768Wh power station from 0-100% in 7.6-9 hours. [1.5 Hours AC Charging] - No bulky power adapter, a single cable is enough to charge it with a maximum of 950W; 0-80% in just 45 mins and 0-100% in 1.5 hours with AC ...
