Shiyuan Solar DC Submersible Waterpump 20m 250w is a type of pump that is designed to be powered by a solar panel and operate underwater. These pumps are typically used in applications where electricity is not readily available or where the use of a traditional AC powered pump is not practical, such as in remote locations or for irrigation in agricultural settings.

Versions of these pumps can produce 50-100 GPM at low head levels and other versions can still produce 5GPM at depths up to 820 feet. ... 2 w/Ground Submersible Solar Water Pump Cable 10/2 w/o Ground Submersible Solar Water Pump Cable 8/2 w/Ground Submersible Solar Water Pump Cable Grundfos SQFlex CU200 Interface Box Pump Controller DIN Rail ...
