

Advanced Uninterruptible Power Supply in Rotterdam the Netherlands

What is an uninterruptible power supply (UPS)?

An Uninterruptible Power Supply (UPS) is used for various applications such as computer, telecom, industrial, or medical equipment. It's crucial for applications where power must not fail, for instance, within operating rooms, data centers, tunnels, and telecom networks.

What is an explosion-proof uninterruptible power supply system (UPS)?

Orga helps make daily operations easier, with Orga's Explosion-proof (EX) Uninterruptible Power Supply system (UPS). What does an Explosion-proof Uninterruptible Power Supply system do? The batteries of our EX-certified UPS (Uninterruptible Power Supply) continue to supply power when the normal power supply is cut off.

Why do I need an ex-certified UPS (uninterruptible power supply)?

The batteries of our EX-certified UPS (Uninterruptible Power Supply) continue to supply power when the normal power supply is cut off. This ensures that critical systems keep running in order to keep the asset safe and compliant with relevant regulations in every situation, even in hazardous areas.

How many kVA does an ex Ups supply?

Over 1,225 kVA in EX UPS's supplied to offshore assets, represented by 350 charger modules in the last 10 years. This system is designed to meet both your specific requirements and is zone 1 certified for the use in a gas hazardous area. This robust system has a long life span and requires minimal maintenance.

Discover UPS Systems by AdPoS, the leading provider of uninterruptible power supply systems in Germany. With 25 years experience. Skip to content. Phone: +49 (0) 9191 / 7005-0 | info@adpos-ups . Search for: Home; UPS Systems. ... AdPoS Advanced Power Systems GmbH & Co. KG

The UPS Pico Module is an advanced uninterruptible power supply for the Raspberry Pi[®]; that adds a wealth of innovative power back-up functionality and development features to the innovative microcomputer! The standard UPS Pico Module is equipped with a 300mAh LiPO battery specially designed to enable safe shutdown during a power cut.
