

Anti-dumping of photovoltaic glass in the Cook Islands

Does India impose anti-dumping duties on solar glass?

The Indian Ministry of Finance has issued a notification imposing provisional anti-dumping duties on textured, tempered, coated, and uncoated solar glass imported from China and Vietnam.

Did India import solar glass from China and Vietnam?

As per the DGTR investigation, there was a consistent rise in imports of solar glass in India from China and Vietnam during the period of investigation. (Photo Credit: Directorate General of Trade Remedies, India)

Are dumped solar glass imports undercutting the prices of the domestic industry?

The dumped imports are undercutting the prices of the domestic industry and have had a 'suppressing effect' on the prices of the domestic industry. During the POI, out of 795,555 metric tons (MT) of total solar glass imports in India, China alone shipped 659,732 MT, while Vietnam sent in 119,285 MT.

Why do IPPs have to pay anti-dumping duty on solar glass?

In this case, IPPs may invoke this clause to recover the additional costs caused by the anti-dumping duty on solar glass, as it was an unforeseen regulatory change. This would allow them to pass on the increased costs to buyers or adjust tariffs, ensuring the financial viability of their solar power projects.

Will India impose anti-dumping duty on textured tempered glass?

(Photo Credit: Directorate General of Trade Remedies, India) The Directorate General of Trade Remedies (DGTR) has recommended the Indian government to impose an anti-dumping duty (ADD) on textured tempered glass or solar glass imported into the country from China and Vietnam.

Are solar glass imports a problem in India?

The Directorate General of Trade Remedies (DGTR) found that these imports, which account for 98% of India's solar glass needs, significantly undercut local prices and recommended the duties. What does SAMA say?

According to official documents, the anti-dumping investigation covers the period from April 2023 to March 2024 (from October 2023 to March 2024 for Vietnam), while the ...

On November 29, the U.S. Department of Commerce (DOC) issued a preliminary ruling on the anti-dumping (AD) investigation of crystalline cells from Cambodia, Malaysia, ...

The textured tempered glass in question, used in solar PV panels and solar thermal systems, includes glass with at least 90.5% transmission, thickness not exceeding 4.2 mm, and one dimension over ...

Anti-dumping of photovoltaic glass in the Cook Islands

India has now imposed an anti-dumping duty against the imports of solar glass in India. The Ministry of Finance issued a gazette notification, announcing imposing the new curbs. The notification from the ministry said ...

The U.S. Department of Commerce announced its preliminary affirmative determinations in the anti-dumping duty investigations of crystalline photovoltaic cells, whether or not assembled into modules, from Cambodia, Malaysia, Thailand, and Vietnam. This move follows investigations stemming from concerns that manufacturers in these countries benefit from ...

The Indian Ministry of Finance has issued a notification imposing provisional anti-dumping duties on textured, tempered, coated, and uncoated solar glass imported from China and Vietnam. This...

In 2014, based on the Anti-dumping Agreement of the World Trade Organization (WTO) [13], the EU and the United States imposed anti-dumping duties and anti-subsidy tariffs on PV manufacturers in China and anti-dumping duties on PV manufacturers in Taiwan the past, the subject of anti-dumping was mainly discussed from the perspective of protecting domestic ...

The commerce ministry's investigation arm DGTR has recommended for continuation of anti-dumping duty on Chinese solar glass for two years with a view to guard domestic players from cheap imports. In a notification, the Directorate General of Trade Remedies (DGTR) has said that continued imposition of anti-dumping duty is required on "textured ...

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Continuation of Antidumping Duty Order, 84 Fed. Reg. 10300 (Dep't of Commerce Mar. 20, 2019). 6. Crystalline Silicon Photovoltaic Cells and Modules from China; Institution of First Five-Year Reviews, 89 Fed. Reg. 6550 (Feb. 1 ...

The largest retailer in the Cook Islands began charging for plastic bags, then discontinued them altogether. A school set up a rent-a-plate station at a local market, where vendors had been selling food in polystyrene containers. A local non-profit organisation ran an awareness campaign to reduce plastic containers and straws.

India's Directorate General of Trade Remedies (DGTR) has recommended an anti-dumping duty on solar glass imports from China and Vietnam after its investigation concluded that imports from these countries are ...

Events 2, 4, 6, 8 and 9 represent the following occurrences: the U.S. ruled to levy an anti-dumping tax of 31.14-249.96%, which is a very high rate, on Chinese companies; the European Union confirmed that they would launch an anti-dumping investigation of imported Chinese solar cells and their components; the EU formalized their investigation ...

Anti-dumping of photovoltaic glass in the Cook Islands

determinations in the antidumping (AD) and countervailing duty (CVD) investigations of imports of crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells) from the People's Republic of China (China). o The AD and CVD laws provide U.S. businesses, workers, and farmers with a transparent mechanism

The product is also known by various names such as solar glass, low iron solar glass, solar glass low iron, solar photovoltaic glass, high transmission photovoltaic glass, and tempered low iron patterned solar glass. ...

The Directorate General of Trade Remedies has initiated an anti-dumping investigation on imports of textured tempered coated and uncoated glass originating in or exported from China and Vietnam. This investigation stems from an application submitted by Borosil Renewables, alleging similarities between their domestically produced solar glass and ...

Dusan Nikolic et al. / Energy Procedia 103 (2016) 207 âEUR" 212 209 2.1. The Cook Islands Electricity Sector All inhabited islands of the Cook Islands currently have centralised power supplies that have historically been powered by diesel generators. ... During Stage 1, 1 MW of solar PV will be installed on the island which will run in ...

However, 90% of the PV market in Japan has been occupied by local photovoltaic enterprises including Mitsubishi, Panasonic, Sharp, Toshiba, etc., and it would be a great challenge for Chinese ...

The antidumping duty margins alleged for each country are listed below: Cambodia: 126.07% ... Additionally excluded from the scope of these investigations are off-grid small portable crystalline silicon photovoltaic panels, with or without a glass cover, with the following characteristics: (1) a total power output of 200 watts or less per ...

Despite policy uncertainties in the US, such as the Withholding Order, Forced Labour Act and anti-dumping taxes on four Southeast Asian countries, the IRA (Inflation Reduction Act) policy ...

The Directorate General of Trade Remedies (DGTR) is investigating allegations of dumping of patterned and uncoated toughened glass (solar panel or solar photovoltaic glass from China and Vietnam). Vietnam is becoming one of the ...

The authority found that both domestic and imported glass are comparable in characteristics and substitutable, confirming that anti-dumping duties will not impact availability. In India, besides Borosil Renewables, Gobind Glass and Industries, Triveni Renewables, Vishakha Glass, and Gold Plus Float Glass are also in the manufacturing of solar ...

Directorate General of Trade Remedies (DGTR) has proposed anti-dumping duties on textured tempered glass imports from China and Vietnam, aiming to shield domestic manufacturers from price undercutting. Also

Anti-dumping of photovoltaic glass in the Cook Islands

known ...

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

An opaque PV Glass variant is also offered with a PCE of 5.8% for curtain walls, spandrels, ventilated facades, or floor tiles. ... Borosil on the impacts of India's solar glass antidumping ...

Following a surge in solar glass imports from China and Vietnam, Indian glass manufacturer Borosil launched an investigation into unfair dumping practices last year. According to Pradeep...

India's Ministry of Finance has applied antidumping duties on solar glass imports from China in the range of \$673 to \$677 per metric ton and for imports from Vietnam at \$565 per metric ton.

Also excluded from the scope of these investigations are all products covered by the scope of the antidumping and countervailing duty orders on Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from the People's Republic of China, 77 Fed. Reg. 73,018 (Dep't Commerce Dec. 7, 2012) (amended final deter. of sales at ...

On November 29, the U.S. Department of Commerce (DOC) issued a preliminary ruling on the anti-dumping (AD) investigation of crystalline cells from Cambodia, Malaysia, Thailand, and Vietnam, announcing the dumping rates for each exporter/producer. This ruling greatly affects Southeast Asian PV exports to the U.S. and could reshape the global supply ...

Photovoltaic Products from China o On December 16, 2014, the Department of Commerce (Commerce) announced its affirmative final determinations in the antidumping duty (AD) investigations of imports of certain crystalline silicon photovoltaic products from the People's Republic of China (China) and Taiwan, and its affirmative

Among them, Hanwha Qcell's Malaysian anti-dumping duty rate is 0, and Vietnam-Wide Entity's Vietnam anti-dumping duty rate is 271.28%. Most of the relevant Chinese PV companies with local production capacity have a dumping duty rate of more than 50% in Vietnam. According to the latest preliminary ruling, JinkoSolar (688223).

The Cook Islands 2nd Joint National Action Plan 2016-2020 5 Table 1: JNAP Ii Indicative Costs 10 Table 2. Census Resident Population 2001-2011 17 Table 3 Open Water Wave Height 18 Table 4. Climate Change Vulnerabilities In The Cook Islands 19 Table 5: Cook Islands Hazard Risk Management 20
