Agm 12v 120ah Gel Battery for Inverter. Features: 1. High quality fumed silica gel electrolyte: no flow, no leakage, all parts of the plate in uniform reaction. 2. Tight assembly technology: high ...

If a battery reaches/exceeds the maximum current output, the battery will switch off internally to protect the BMS and the cells from over discharge. When this happens, the inverter and any loads running at the time are completely disconnected from the battery. Generally after 2-5 seconds, the battery BMS will switch the battery back on.

Battery 120ah inverter

Lithium batteries can tolerate a lower discharge than that, so while a 120Ah conventional battery is at best marginal for our desired 2000W inverter output, a lithium one would be better. A conventional 180Ah or even 240Ah battery costs around the same as a 120Ah lithium, so cost isn't an issue, but that conventional battery weighs around 40 ...
