

British Power Tool Lithium Battery

What type of battery is used in cordless power tools?

Li-ion batteries are the most common type of battery used in cordless power tools today. Battery technology has advanced significantly in recent years, with lithium-ion replacing the previous generations of nickel-cadmium (NiCad) and nickel metal hydride (NiMH) batteries.

Where can I buy Li Ion power tool batteries?

[...] Buy Li-Ion Power Tool Batteries at Screwfix.com. 60 days free credit available. Buy online & collect in hundreds of stores in as little as 1 minute! Free next day delivery available. The UK's leading retailer of trade tools and hardware.

Where can I buy a replacement battery for a power tool?

We have the perfect solution here at UKBATTERY LTD with our high-quality affordable replacement batteries. Buying original cells from the power tool manufacturers such as DeWalt and Makita can account for around half the cost of the tool. When replacing several batteries at the same time, the cost can soon add up.

Do power tools & drill batteries come with a warranty?

All our power tools & drill batteries come with a one-year manufacture warranty as standard. Finding the right blend of performance and price when looking for a new battery can be daunting. We hope to dispel a few myths regarding NON-OEM batteries and help you make the correct decision when purchasing.

What is a lithium ion battery?

Li-ion is the most common compound used in today's power tools. With the demands of tradesmen and DIY enthusiasts getting ever greater, lithium-ion batteries have quickly become the go-to choice for people looking for a dependable, cost-effective battery that gives constant power and performance at a great price.

Do power tools & drill batteries lose their charge?

Over time, power tools & drill batteries lose their charge and may require frequent charging. Do you have to swap your battery several times an hour? Are you constantly having to wait for your battery to get to full power? Could you do with a spare battery in your toolbox just in case?
