What is a 'cash-container'?

The "cash-containers" were constructed with built-in cash machines that can be used at music festivals, events, etc. DC-Supply A/S delivered eight custom-built 20ft containers, which had been prepared for the installation of P.M. Energi A/S generator sets.

Our experienced staff included engineers, construction managers, architects, smiths, and carpenters, as well as administrative personnel. We take pride in the delivery of exceptional work. A high level of technical knowledge, skills, and experience enables us to construct and produce unique mobile custom-built container solutions to a very high standard.

DPA is an independent not-for-profit organisation established under the Danish Environmental Protection Act

with the purpose to administer the national register and Danish legislation on producer responsibility. DPA collects, treats, and disseminates data and knowledge to all players involved in the circular economy. About us

The strength of the CC Pool System is that the CC Container is exchangeable between customers and users. To keep the pool system fair and protect it from the illegal introduction of fake containers, it is necessary to replace the CC TAG label from time to time. This will help exclude illegal and unregistered containers from the CC Pool.
