What is Timor-Leste's new deepwater container port?

Work is progressing on Timor-Leste's new US\$490 million deepwater container port, with the main contractor shipping the first batch of steel pipes for the construction this week. Also known as East Timor, the Southeast Asian nation became an independent sovereign state in 2002, after separatist struggles with Indonesia.

Who will build the port of Dili in East Timor?

The Bolloré Group won the 30-year concession to build and operate the future deep-sea port of Dili, as a public-private partnership, the first in East Timor. It selected China Harbor Engineering Company (CHEC) for the construction of the port of Tibar west of Dili, capital of East Timor.

What's new at Timor port?

Recently Timor Port, a subsidiary of Bolloré Ports, has received new handling equipment to boost its container terminal capacity. The order included two tugs, two Ship-to-shore (STS) gantries, and four rubber-tyred gantry (RTG) cranes as part of the Tibar Bay deep seaport concession.

Why is Timor port a good choice for oil & gas?

Because of its draught and its facilities, the Asean countries will be able to benefit from high quality services, particularly about the Oil & Gas business " said Laurent Palayer, CEO of Timor Port. Recently Timor Port, a subsidiary of Bolloré Ports, has received new handling equipment to boost its container terminal capacity.

How long does it take to build Timor-Leste's new terminal?

Construction of Timor-Leste's new terminal, which will handle 750,000 TEU annually, will take 32 months. The works include building a 630m wharf, dredging up 3.53 million cubic metres of soil, reclaiming 27 hectares of land and applying foundation treatment to 19 hectares of land.

What happened at Timor port 2025?

On Thursday, March 27, 2025, Timor Port and the customs administration had the honor of welcoming a delegation of members of the Parliament of Timor-Leste for a meeting aimed at gaining a better understanding of the terminal's operations.
