

Are warehouses expensive in Mexico?

Warehouses and other industrial real estate are significantly less expensive Mexico than they are in the U.S.. Whether you are looking to rent or lease a space, or even purchase a warehouse to exercise total control of overall operations. Considering purchasing an infrastructure in Mexico for your business? Looking at the respective costs:

Is manufacturing in Mexico a good idea?

But that baseline cost isn't the only reason manufacturing in Mexico is beneficial. In addition to cheaper industrial real estate, there are numerous other benefits to manufacturing in Mexico. The cost of your warehouse is hardly the only expense chipping away at your bottom line--other major considerations include:

Is Mexico's industrial real estate market a turbulence?

However, these trends haven't been reflected everywhere. Mexico's industrial real estate market has faced turbulence7, which came to a head in 2019, with the lowest annual growth (1.5%) in years. As values have surged everywhere else, they've stayed low in Mexico.

Why should a manufacturing company move to Mexico?

In addition to cheaper industrial real estate, there are numerous other benefits to manufacturing in Mexico. The cost of your warehouse is hardly the only expense chipping away at your bottom line--other major considerations include: Moving your manufacturing to Mexico can offer solutions on all of these fronts.

Why are business owners moving to northern Mexico?

This is why business owners from the U.S. are turning to manufacture plants in Northern Mexico. This allows business owners to maintain all parts of their business in close proximity to the U.S. while benefiting from lower industrial space costs. Just how well do these rates compare to prices in the U.S.?

In Mexico, the solar financing wave is being fueled in large part by Mexico"s renewable energy goals, which are for 35% by 2024 and 50% by 2050. Such ambitious goals are likely to open up a new stream of investments in the Mexican solar market during the forecast period. Solar PV Capacity Growth
