

Foreign trade battery pack factory

How far is Shenzhen Bao'an International Airport from lithium battery pack?

It is 60 minutes' drive from Shenzhen Bao'an International Airport 40 days The average monthly capacity of lithium battery pack,lithium ion cell,polymer battery is 300,000. 100 Maintained 2 years of inspection records and they have been reviewed Yes,product functional test report

How many batteries can a custom battery pack support?

Common materials can support one custom battery pack (MOQ=1PCS). However, if special materials are required, you will need to contact us for specific MOQs. Which rechargeable battery is better, NiMH or lithium?

Is there a minimum order quantity (MOQ) for custom battery packs?

For our existing standard products, there is no minimum order quantity (MOQ) requirement. However, for custom battery packs, there is an MOQ that varies depending on the material used. As a leading custom battery pack manufacturer in China, we want to grow with our customers, so we will fully cooperate with your every request.

Why should you choose KET for a custom battery pack?

KET helps you control your risk and we work with you as your partner to meet the new market trends in lithium or LiFePO₄ custom battery packs. 13 years of OEM/ODM experience allows us to quickly provide the best custom battery pack solutions to cater to your specific specifications needs. And we will sign NDA with you if you need it.

How many 12V batteries to make a 48v battery pack?

From this we can conclude that we only need to make 4S (4 series) of 4 12V batteries to get a 48V battery pack. The connection way is as follows: How to wire 3 12v batteries for 36v? Two batteries are connected in series and the battery voltage is superimposed.

What equipment does the Battery Workshop have?

The battery workshop is equipped with 6 automatic flow production lines and other advanced types of machinery such as a perfect ultrasonic welder, precision spot welder, inner bug precision tester, and computer integration performance tester. We enjoy convenient transportation and material sourcing channels.
