

Qui fabrique Mobilize Powerbox ?

Le groupe Renault et ses partenaires de l'écosystème d'innovation de la Software R&D publique (Orange, STMicroelectronics et Thales) annoncent le lancement industriel de Mobilize PowerBox, une borne de recharge intelligente produite en France, dans l'usine électronique Symbiose de Lacroix, située à Beaupréau-en-Mauges dans le Maine-et-Loire.

Quelle est la capacité initiale de Mobilize Powerbox ?

Mobilize PowerBox, la borne de recharge intelligente, connectée, sécurisée et bidirectionnelle, démarre sa production dans l'usine électronique Symbiose de LACROIX située à Beaupréau-en-Mauges (Maine-et-Loire, France) avec une capacité initiale de 65 000 unités/an. Développée par des membres de ...

Quels sont les avantages de la borne Mobilize Powerbox ?

Si l'on y ajoute sa capacité et gère des économies significatives pour son utilisateur, Mobilize PowerBox contribue activement à l'adoption de la recharge électrique bidirectionnelle par le plus grand nombre. La borne Mobilize PowerBox est ainsi au cœur de l'innovation en matière de mobilité intelligente, sécurisée et durable.

Quelle est la puissance de charge de Mobilize Powerbox ?

Selon l'installation électrique et la capacité de charge du véhicule, elle délivre une puissance de charge allant jusqu'à 22 kW. Mobilize PowerBox est compatible avec tous les véhicules électriques et hybrides rechargeables équipés d'une prise de type 2. La version UNO PLUS concerne les infrastructures installées en entreprises ou copropriétés.

Quels véhicules sont compatibles avec Mobilize Powerbox ?

Mobilize PowerBox est compatible avec tous les véhicules électriques et hybrides rechargeables équipés d'une prise de type 2. La version UNO PLUS concerne les infrastructures installées en entreprises ou copropriétés. Elle intègre un lecteur de carte RFID pour s'assurer que seuls les utilisateurs autorisés aient accès à la charge.

Quels sont les avantages de my Powerbox ?

My PowerBox permet aux utilisateurs de piloter leur recharge à distance et de consulter l'historique de leur consommation. L'application propose également de différer la charge pendant la nuit (entre minuit et 6h), optimisant ainsi le coût de la recharge en fonction des options du contrat d'électricité.

Mobilize PowerBox, la borne de recharge intelligente, connectée, sécurisée et bidirectionnelle, démarre sa production dans l'usine électronique Symbiose de LACROIX
