Who is IPS Guatemala?

In 2021, International Power Services acquired legacy plants in Escuintla and Puerto Quetzal. Since then, IPS Guatemala has been dedicated to providing power to Guatemalans, constantly striving for innovation and sustainability at every step. IPS Guatemala has a generating capacity of 440 MW through our assets across Puerto Quetzal and Escuintla.

Why is outdoor power supply a must-have for travelers?

"The world is so big, I want to see" aroused the resonance of so many people. Then the corresponding outdoor equipment has become a must-have for travelers, especially outdoor power supply.

Why do people buy outdoor power supply?

Most customers buy outdoor power supply is due to the capacity of charge pal is usually small, which cannot meet the demand of many charging electronic devices. Therefore, consider an outdoor power supply that can solve more than 80% of the charging of electronic devices. The diversity of all charging ports is also considered by the public.

How to choose a power supply for outdoor enthusiasts?

Lighting: A flashlight is also a must for outdoor enthusiasts. Install a lighting function in the power supply, this power supply integration function is more powerful. At present, there are two types of power supply: a round lamp, an energy-saving lamp. It is a great choice for outdoor lovers.
