

Huawei Tanzania Inverter Factory

Does Huawei make solar inverters?

Huawei only develops string inverters for solar energy, not central inverters. The belief within the company is that string technology is superior. ESTG is a wholesaler of solar panels and other sustainable electrotechnical products, such as solar inverters, EV chargers, solar batteries and thermal heating.

Where are Huawei inverters used?

Huawei began manufacturing phone switches and has expanded to telecommunications, mobile phones, consumer electronics, and networking equipment. Their products are used in more than 170 countries, by over three billion people. Huawei inverters are used at the world's largest single PV plant, tracking system PV plant and rooftop-mounted PV plant.
