

Irish lithium battery outdoor power supply manufacturer

Can Li-ion batteries be made in Ireland?

Having seen the great benefits that could be offered to the Customer with Li-Ion, Particularly Lithium Iron Phosphate for Lead acid replacement he was eager to push ahead and manufacture Li-Ion Batteries in Ireland. If you have any queries or questions about our batteries, please get in touch and we'll be happy to help.

Will a lithium-ion battery backup power supply feed into Ireland's Electricity Grid?

Microsoft has confirmed that the lithium-ion battery backup power supplies installed at its datacentre in Dublin, Ireland, will be enabled to feed into the country's electricity grid later this year.

Where can I buy lithium batteries?

Need help? Visit us! You can buy lithium batteries at Solar Power Supply. Backup energy for off-grid or emergency supply system at home.

How long has ESS been working on lithium battery R&D?

More than 10 years of dedicated experience on lithium battery raw materials R&D for battery storage application only. Over 1 million units have been delivered and installed in 80+ countries since 2013. ESS-driven R&D and production in terms of performance stability and long life span from cell to battery systems integration.
