What are people saying about outdoor gear in Madrid?

What are people saying about outdoor gear in Madrid, M? "Very nice bike shop on Atocha. The space is quite large and the staff is very knowledgeable. When I arrived to Madrid, I needed to get a new bike - I went to Calmera and they told me to wait a couple of weeks and they were offering a big sale. Everytime I go back there's more deals to be had.

Are there electrical outlets in Madrid?

No, the electrical outlets in Madrid are different from those in the United States. In Madrid electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Madrid? The electrical outlets and power plugs in Madrid are of types C & F (see images).

What is the standard power socket voltage in Madrid?

All power sockets in Madrid provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Madrid if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Can I connect my laptop charger to an electrical outlet in Madrid?

Yes, you can connect your laptop charger to an electrical outlet in Madrid as long as the outlet is compatible with the charger's voltage and plug type. In Madrid, the standard voltage is 230V and the standard frequency is 50Hz.

Do I need a voltage converter in Madrid?

If the standard voltage in your country is in the range of 100V-127V (which is most common in the US, Canada and countries in South America) you might need a voltage converter in Madrid. The standard frequency in Madrid is 50Hz. If this frequency differs from the frequency used in your home country, please use caution when plugging in your devices.
