

# Monaco outdoor power supply recommendation

What power supply does Monaco use?

In Monaco, the usual power supply is 230 volts and 50 Hertz, which is common across many European countries. Before you travel, it's crucial to understand the plug types used in this posh principality. This small detail can significantly affect how you charge your devices and stay connected during your visit.

Do you need a travel adapter in Monaco?

In Monaco, you're likely to encounter Type C, E, and F power sockets. This means if you're traveling from a country with different power sockets, you'll need a travel adapter to use your electronic devices. Knowing the type of power sockets beforehand is crucial to avoid any compatibility issues that could disrupt your trip.

Why do you need a power adapter in Monaco?

Having the right power adapter ensures you can explore Monaco's attractions--like the Monte Carlo Casino and the Jardin Exotique--without worrying about your devices running out of power. It allows you to have a smooth, uninterrupted experience, fully immersing in the Monaco adventure.

How do I ensure my devices stay charged during a trip to Monaco?

Here's a comprehensive guide to ensure your devices stay charged, and you remain connected during your visit to Monaco. Typically 230V, 50Hz with Types C, E, and F plugs. Essential for ensuring device compatibility and avoiding inconvenience. Look for compatibility, portability, and USB ports. Carry a multi-port travel adapter for multiple devices.
