UPS - Uninterruptible Power Supplies are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many UPS uninterruptible power supply manufacturers including Eaton, Phoenix Contact, Schneider Electric, SolaHD, Tripp-Lite & more.

Things to consider when choosing a uninterruptible power supply (UPS) Why you need a UPS (Uninterruptible Power Supply) As the name implies, an uninterruptible power supply is just that: uninterruptible. This means power surges, blackouts, brownouts, and any other power-related problems won't result in your UPS going offline.

UPS are used in a variety of locations to provide appropriate countermeasures on the power demand side in the event of power outages due to power transmission route malfunctions or natural disasters, or power supply fluctuations due to ...

Online uninterruptible power supplies use a combination of rectifier and inverter to supply power to the AC load in normal operation. During a power failure, power is supplied with the support of an inverter. Conversely, an offline system supplies power from the AC mains to the load. An online system's output power supply stays on.

UPS - uninterruptible power supply, we provide a comprehensive range of systems from small stand-alone units, to large engineered power plants ... ensuring high-end UPS quality and reliability from the 5th largest UPS manufacturer in the world for all of South Africa except for in the Western Cape and KZN.
