

# N-type                      monocrystalline                      bifacial double-glass module

Who makes 182 N type bifacial double glass module series?

182 N type Bifacial Double Glass Module Series offered by China manufacturer ZNSHINE PV-TECH Co.,Ltd. Buy 182 N type Bifacial Double Glass Module Series directly with low price and high quality.

What is the production capacity of n-type monocrystalline bifacial solar cells?

At present, we have more than 3GW production capacity of N-type monocrystalline bifacial solar cells and modules, and our technology covers the world-leading N-PERT, Passivating Contact, IBC, TBC and other cell and module technology.

What is a 120 half cell bifacial double glass solar panel?

This 120 half cell HJT bifacial double glass solar panel provides a powerful combination of increased PV module efficiency, energy savings and durable long-term performance. Featuring a 22.4% module efficiency and 615-635 watts per panel, it delivers an advanced renewable energy source with zero emissions.

16BB HALF-CELL N-Type TOPCon Bifacial Double Glass Monocrystalline PV Module \*Bifacial Gain: The additional gain from the back side compared to the power of the front side at the standard test condition. It depends on mounting (structure, height, tilt angle etc.) and albedo of the ground. \*Please refer to regional datasheet for specified connector

They come in bifacial double glass construction or mono-facial single glass. These solar panels are generally in larger dimension sizes (2.3m by 1.1m) and have a shorter product warranty to the N-type panels so are not likely designed for residential applications. The maximum efficiency for these panels is rated up to 21.7%.  
Lightweight panels

DMEGC MONO 585W - N-Type Bifacial - Double Glass PV Module DMEGC Solar have 40+ years experience in high-tech manufacturing. 100% green production, transparent supply chain and excellent ESF rating in the solar ...

JA solar JAM54D40 series is an n-type bifacial double glass high-efficiency mono module, a power range from 430W to 455W. Powered by the latest SMBB n-type solar cell and half-cell configuration, these modules have higher output power.

Two-sided double-glazed modules, symmetrical structural design, low risk of hidden cracks. 1800 155 597 info@solarlinkaustralia ... Bifacial Double Glass Module. N-Type - 440W. High Efficiency Leading module efficiency in industry, up to 22.5% ... DAS Solar leads the development and innovation of N-Type technology in the PV industry by ...

Expand your solar system with the JA Solar Module 445 Wp N-Type Bifacial Double Glass LB MC4 and benefit from the highest efficiency and long-lasting performance! Monocrystalline solar modules achieve the highest levels of efficiency and thus provide the ...

N-Type 182\*210mm Cell Adopting the 182\*210mm N-Type TOPCon cells with the highest efficiency. Module adopts 182\*210mm half cells, bifacial module provide an additional 5%~25% output. Harsh Environmental Adaptability PID Protection Ensure the attenuation probability caused by PID phenomenon is minimized.

With new technologies and new production capacities, DAS Solar leads the development and innovation of N-Type technology in the PV industry by offering high-performance products and high-efficiency energy conversions. **KEY FEATURES:** High module conversion efficiency, up to 22.5%; N-Type Bifacial Module; Black Frame, Anodised Aluminium Alloy
