Outdoor power supply store for camping around Benin

Spending the holiday on the campsite or experiencing outdoor adventures in a tent is very popular. Camping newcomers as well as experienced campers have to ensure that the camper or caravan has suitable and functional equipment for a successful experience - and the power supply should by no means be neglected.

This particular camping power bank features a solid carry handle, adding to its ease of transportation. It weighs only 6.6lbs, a huge decrease from the previous power bank we discussed. This portable power supply is a much better option for backpackers and lighter-weight campers, charging and powering any device operation at less than 200 Watts.

It does come with a car charger and a regular power cord if you happen to be camping near a power source. But really, what fun would that be. Sure the Rockpals doesn't have the power of the DieHard, but for most camping power needs, it gets the job done. Plus, at 5.5 lbs, it's pretty light for a power station.
