Offering industry-level warranty programs, LG ensures quality, durability and reliability of its solar panels. For the latest solar panel models, LG is now providing a 25-year product warranty which is among the best in the industry. This shows LG's confidence in developing highly-efficient, innovative and outstanding products.

In short, SunPower panels are the most efficient home solar panels you can buy. * Based on survey of datasheet values from websites of top 20 manufacturers per IHS, as of June 2020. A higher quality panel like SunPower's might cost a little more upfront, but you'll see a higher--and quicker--return on your investment in the long run.
