

San Jose Solar Inverter Prices

How much do solar panels cost in San Jose?

As of May 2024, the average solar panel system costs \$2.59/W including installation in San Jose, CA. For a 5 kW installation, this comes out to about \$12,951 before incentives, though prices range from \$11,008 to \$14,894. After the federal tax credit, the average price drops by 30%. You'll probably pay even less than what we show here.

How much does a 5 kW solar system cost in San Jose?

While a 5 kW system will only cost you \$12,951 in San Jose, CA, doubling the system size effectively doubles the price, so you'll pay about twice that for a 10 kW system. The higher the price tag, though, the more you'll get back as a credit towards your federal tax bill. Are solar panels worth it in San Jose, CA?

Are solar panels a good investment in San Jose?

Solar panels can save you money on power bills over many years, but they can also be a big investment. That's why many San Jose homeowners decide to finance their solar panel systems to make going solar more affordable.

Who is the best solar company in San Jose CA?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in San Jose, CA are Sunergy, Solar Optimum, NRG Clean Power, Demand Construction, and IntegrateSun, LLC. How many solar companies are in San Jose, CA?

Is San Jose a good place to go solar?

San Jose is a great place to go solar. You're probably using PG&E as your utility. PG&E has high rates, which helps make solar a great investment. The most significant incentive to install solar panels in San Jose is the 26% federal tax credit. However, the tax credit is set to step down to 22% at the end of 2020.

How much does a 10 kW solar system cost?

This is a hard question to answer exactly, because the cost depends on a few different factors. Broadly speaking, it costs about \$13,650 for a 5-kW system and \$27,300 for a 10-kW system after the ITC is applied. You can expect to pay more if you want other solar equipment or more efficient panels, or if you have higher-than-average energy needs.
