

Silver ornaments of Benin solar air conditioner turn yellow

Why is my aircon turning yellow?

For air-conditioners, ageing may result in the aircon not cooling the room effectively or even having abnormal sounds when the aircon is operational. Aside from performance, ageing in air-conditioners can turn the white casing into yellow, which can be a sight for sore eyes even if it doesn't impede the aircon's performance.

Why is my AC stained yellow?

If you have an older air conditioner that was bought between the 80s and 2010s, you definitely have a case of yellow stains. The yellowing of your AC's plastic happens due to a process called UV degradation. When exposed to UV, the synthetic polymers undergo a chemical reaction that causes the white plastic to turn yellow over time.

Will regular aircon service return my yellow aircon back to white?

Regular aircon servicing can maintain your aircon's function, but regular cleaning will not be able to return your yellow aircon back to white. In this article, we will guide you to remove, and get rid of yellow stains from your air-conditioner.

Why is my AC plastic turning yellow?

The yellowing of your AC's plastic happens due to a process called UV degradation. When exposed to UV, the synthetic polymers undergo a chemical reaction that causes the white plastic to turn yellow over time. In fact, exposure to any kind of light, oils, and water can cause your AC's plastic to tarnish. Other possible causes could be:

How to remove tar stains from air con cover?

Cos I smoke in the room and the tar turns the air con cover into yellowish. So you want when doing chemical cleaning ask them to clean the cover. If not, can also try those DIY chemical cleaning kit from home fix. But dunno will remove the stains cos the chemical in those DIY kit is quite dilute. Those use by gain city very strong.

How do you make a yellow air conditioner white again?

Squeeze out the excess water from the cloth and rub into onto the yellowed area. Wait until dry and repeat the process until it reaches the desired color. Another crafty hack for turning your yellowed AC white again is to simply paint it! For this makeover technique, you will need to dismantle your air conditioner.
