

# South Africa power frequency isolation 300kw inverter

Which inverter systems are available in South Africa?

PHD has the widest range of Inverter systems in south africa, and the southern african region, we have both pure and modified sinewave inverter systems, with and without battery chargers. We offer Victron Range as well as the state of the art super home (ST2X) range and the Studer range of inverters directly from Studer Switzerland.

Does PHD supply a sinewave inverter system?

We supply pure and modified sinewave inverter systems, with and without battery chargers. PHD has the widest range of Inverter systems in south africa, and the southern african region, we have both pure and modified sinewave inverter systems, with and without battery chargers.

What is a megarevo MP's hybrid inverter?

Megarevo MPS series hybrid inverters adopt an integrated design, integrating PV controllers, energy storage converters, and on/off-grid automatic switching units, greatly improving customer deployment efficiency and reducing installation costs.
