Where can I buy a cheap portable power bank?

If you're looking for a cheap portable power bank and the capacity suits your needs, consider the BESTON 8000 mAh Cellphone Portable Charger. You can usually buy this power bank for the lowest price on amazon.

Which power bank is best?

All of the power banks on this list passed our testing, traveling with us on the road and powering our devices at home. Anker is the best in part because it packs more power into its batteries at a lower weight. Its batteries charge faster than competitors. Its small Anker Nano battery has the best power-to-weight ratio of any battery on our list.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

Should you buy a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. These are available in many sizes and capacities and can include handy features like fast charging and extra ports.

What is the best power bank for iPhone & Android?

The Anker MagGo Power Bank (10K) can charge your iPhone or Android (with a compatible case) magnetically, and you can even set your phone sideways for Standby mode to use it like a desk clock.
