No, Greenworks 40V and 80V batteries are not interchangeable. 80V batteries have a different physical connection than 40V batteries, so they cannot be used with 40V tools, and vice versa. What is the difference between 2ah and 4ah battery Greenworks? The main difference between a 2ah and 4ah Greenworks battery is the runtime. The 2ah battery ...

Latest battery innovation for cordless power devices. Like NiMH batteries, they have no memory impact and can be "bested up" with no impact on battery life. The fundamental advantage of this power tool battery sort is the weight - up to 40% lighter than NiMH batteries makes these the most loved for power devices. Power Tool Batteries Explained
